TOWN OF KENORA

The Town of Kenora was incorporated in 1882 originally as Rat Portage. Subsequently the name was changed to Kenora. Kenora is on Highway 17 on the north shore of Lake of the Woods, approximately 30 miles from the Manitoba border. Rat Portage was an early gold mining area supporting other related industries. Pulp and paper, lumber and tourism are now the main industries.

POPULATION 1974 - 10,553

TOWN OF SIOUX LOOKOUT

Founded in 1906, incorporated in 1912, Sioux Lookout is the travel and tourist centre in the Patricia Region. There are three air services that provide transportation of goods and passengers anywhere in the north. Sioux Lookout is also the Canadian National Railway's divisional point on the transcontinental line. Located on Highway 72, 42 miles north of Trans-Canada Highway 17.

TOWNSHIP OF IGNACE

Possibly the fastest growing town in Northwestern Ontario, Ignace was founded in 1879 and incorporated in 1908. Located on the Trans Canada Highway and on the CP Rail's transcontinental mainline 60 miles from Dryden, it is the southeastern gateway to the 25,000 square mile Patricia Tourist Region and the southern terminus of Highway 599 leading northward 300 miles to Pickle Crow and beyond. It is also serviced by a 3,000 foot airstrip accommodating light aircraft and Agimac Lake, within the Township, is a federally designated base for float aircraft.

IMPROVEMENT DISTRICT OF BALMERTOWN

The Improvement District of Balmertown comprises the three communities of Balmertown, Cochenour and McKenzie Island by means of Highway 125, which joins Highway 105 about 2 miles south of Red Lake. The distance to Cochenour and Balmertown is 9 miles and 5 miles respectively from Highway 105. Transportation from McKenzie Island to Cochenour is by boat in the summer and during the winter a road is maintained over the ice.

IMPROVEMENT DISTRICT OF SIOUX NARROWS

The Improvement District of Sioux Narrows was incorporated in 1944. Sioux Narrows is located 35 miles south of Highway 17 on Highway 71. It is the site of a battle between the Sioux and Ojibway Indian Tribes. The economy is based entirely on tourism as it is on the shore of Lake of the Woods, with many tourist resorts located at Sioux Narrows and in the surrounding area.

TOWN OF FORT FRANCES

Fort Frances originally founded in 1731 by the explorer LaVerendrye as a trading post at the head waters of the Rainy River, has developed into the largest community in the District of Rainy River. It is the judicial and economic centre for the District with its major industries being pulp and paper and tourism. It is situated in the centre of the district where most of the traffic from the American Midwest enters Canada. It boasts one of the busiest Canadian ports of entry for tourists. Its new modern airport presently being expanded serves many private American aircraft proceeding north to take advantage of the hunting and fishing facilities. Fort Frances was incorporated in 1903.

TOWN OF RAINY RIVER

The Town of Rainy River is situated on Highway 11 on the American border crossing point of Beaudette Minnesota. Rainy River was originally named Beaver Hills in the late 1800s. It was incorporated in 1903 and became a Municipality in 1904. It is the most westerly organized community in Ontario. It is also a divisional point for the CNR. In 1915 a major fire destroyed the Town of Rainy River as well as Spooner Minnesota on the American side of the river. The Town of Rainy River was a stop-over for pioneers and settlers settling in Rainy River District travelling by boat from Rat Portage, which is now Kenora, before railways or highways were established. The community is also in an agricultural area which is known for cattle raising and numerous resorts.

POPULATION 1974 - 1,150

TOWNSHIP OF ATIKOKAN

Atikokan was founded in the year 1899. Atikokan is the Ojibway Indian's word for Caribou bones. On April 25, 1945 the Improvement District of Atikokan was formally established by an Order in Council. On January 1, 1953 the municipality was incorporated into a township.

Geographically it is located in the extreme east end of the Rainy River District on Highway 11.

Steep Rock and Caland Ore mines (open pit operations) are the two major employers in the area.

Quetico Park (1,850 square miles) is situated just to the south of Atikokan and provides unlimited recreation for canoeing, camping and fishing.

POPULATION 1974 - 5,574

CITY OF THUNDER BAY

In 1679 a fort and trading post was built on the south bank of the (now) Kaministiquia River and was known as "Fort Caministigoyan". The fort was rebuilt in 1717 on the north bank and was occupied by the French until 1758. It was not until 1807 that the name Fort William was introduced. In 1857 a growing settlement known as "The Station" eventually became Port Arthur. The cities amalgamated on January 1, 1970, along with the Townships of Neebing and McIntyre, thus becoming the new City of Thunder Bay.

POPULATION 1974 - 114,000

CITY OFFICIALS AND FACILITIES

TOWNSHIP OF MARATHON

Incorporated as the Improvement District of Marathon in 1946, it became a Township on January 1, 1970. Marathon is situated on the North Shore of Lake Superior, 190 miles east of Thunder Bay. The Township was previously known as Penninsula. This site was the main supply base for the construction of the CP Rail in the 1880's. Close to 12,000 people lived in Penninsula. After completion of the railway Penninsula became a ghost town until 1944 when Marathon Corporation, now American Can, commenced construction of their pulp mill.

TOWNSHIP OF SCHREIBER

Founded in the late 1880's as a school section it was incorporated as a Township in 1901. It is located 130 miles east of Thunder Bay along Highway 17 on the North Shore of Lake Superior. It is a divisional point for the Canadian Pacific Railway, which provided the major source of employment for area residents in the early days of steam locomotives. At the present time the wood industry in the adjacent community of Terrace Bay provides the major source of employment for residents of Schreiber.
